

M-60 BANANA BEACH

BRING THE BEACH INTO YOUR SALON: Extremely effective and totally trendy, the SOLTRON M-60 encompasses concentrated tanning power in a completely unique design with striking lighting elements. Lie on this beach and your customers will feel the intensity of 43 UV lamps at 160 watts each and three, 500-watt facial tanners with Ultra Performance technology.

From the powerful trade winds of Hawaii to the gentle breezes of the Caribbean, the Soltron fan provides a cooling tropical breeze. An available vertical shoulder tanner and stereo sound system adds to this already amazing sunbed. The M-60 Banana Beach is a complete success from top to bottom. Your customers will swear they can almost hear the surf.
